## The Nation

Confidence was expressed in John Bracken and his nomination as a Federal candidate was reaffirmed by the Brandon Progressive Conservative Association. He had previously left the decision in the hands of the meeting.

A heavy winter snowfall is being forecast by Northern Manitoba's trappers, woodmen and wildlife experts, who said an abundance of winter moisture seemed the only answer to spring fires and fur losses from spotty and drought conditions.

A united opposition block to the CCF government in the next legislative session is being formed by Saskatchewan's provincial Liberal Leader Walter Tucker.

St. Catherine, Ont., board of education refused to rent the Colgate auditorium for a Nov. 5 speech by Very Rev. Hewlett Johnson, Dean of Canterbury.

JOHN BRACKEN

First Canadian hearings in an investigation aiming at eliminating pollution of Canada's lakes and rivers were held in Winnipeg, Oct. 27.

## The Press

Employees of the Toronto Evening Telegram are preparing to make a bid for the newspaper.

LORD HALIFAX

Chamberlain supported when it is offered for sale on the open market, according to a story in the Toronto Globe and Mail.

## Miscellany

Conspiring the slowness in transporting prisoners from the point of arrest to the city where the charge is pending. Vancouver magistrate Oscar said "the secret is not entitled to daily."

Russia's first cinema is being penetrated by Toronto amateur radio operators—but the "bans" themselves say it is far from demoralized because the conversations are held entirely in dots and dashes.

Fund between the universities of Saskatchewan and Alberta over mysterious pilot jobs done on their respective campuses has had one beneficial effect—resultant publicity has given impetus to the U of S campaign for funds for the student memorial building.

## Trade & Industry

Atanaplia Valley apple growers, now reaping one of their heaviest crops in years, still are faced with surplus problem as a result of a shrinking market.

Forecasting ever-increasing

trade between Canada and India, the director of the India supply mission for North America suggested there might be an exchange of industrial key men between the two Dominion.

Supplied to Australian newspapers will be 20,000 long tons of United Kingdom fertilizer made from Canadian logs and sulphite pulp, according to the terms of a just-concluded deal in London.

## People

In critical condition in Pincher Creek, Alta. hospital from extensive burns suffered in a freak accident, is Alex Wilkins, 28, of Lethbridge, Alta. Mishap occurred when a pile of gasoline in the automobile Wilkins was riding in, ignited after the vehicle had struck a car on the road.

Attractive young pianist Freda Treppel of Winnipeg was warmly received at Plateau Hall where she staged her first Montreal piano recital.

## Britain

"Chamberlain no doubt had his faults, but economy of truth or lack of frankness was not among them," said Lord Halifax in support of the pre-war Prime minister and in criticism of Winston Churchill, who in "The Gathering Storm" his latest book, "unintentionally does great injustice to Chamberlain."

Strange rites and customs of native races of Australia and

# An Orderly Halloween

Since October 31st this year falls on Sunday, Mayor Harry D. Ainlay has properly proclaimed Saturday the 30th as the official day for the celebration of Halloween.

Frightened parents will see to it that the youngsters stick to the one official day and do not seize the occasion for a double celebration on both Saturday and Sunday nights.

The police department goes to very great trouble each year to guarantee an orderly Halloween. And they usually make an excellent job of it.

Outside the activities of the few youths who seem to make a vacation of vandalism, Edmonton youngsters have been remarkably co-operative, in past years, and Edmonton's Halloween has been markedly free from those outrages that prevail in some other cities.

However, the double-headed festivity this year has peculiar dangers and temptations of its own. Both children and parents should remember that a licensed demonstration of exuberance which is tolerable when it occurs once a year can try the patience of even the saintly when it is extended into two riotous nights.

But even if the looting of healthy high spirits is confined to a single night, there is no reason on earth why it should exceed the limits of common sense.

Most people expect children to have fun on Halloween. They want them to have fun on Halloween.

But there is surely no fun, except the gratification of a violent impulse, in pranks that damage property, cause injury and constitute a threat to life and limb.

Halloween can be at once boisterous and orderly.

There is no need for it to be outrageous.

# Election of S. President Takes Complex Form

On Nov. 2, the people of the United States go to the polls to elect a new president, and for that night the world will know whom they choose to lead them for the next four years.

Strangely enough, the total vote cast for each candidate has no bearing on the result, since the individual votes of each elector ballot for a presidential candidate.

Instead he chooses members of an electoral college, who are in turn responsible for electing the new president.

This electoral college has 531 members and is purely an advisory body. It is only responsible for electing a new president and vice-president, and when this has been done, it lapses into inactivity until a new election is chosen for the next election.

The electors are appointed in various ways according to the laws of the different states. Some are designated by conventions of the political parties; some have been appointed by the party executives; and some have been chosen at primary elections.

The number of electors is made up of the total representation of the 48 states in congress, plus two electors from each state in the senate, but the number of members varies according to the population of the state.

There are 45 members in the house, but Wyoming, which is sparsely populated, has only one elector, while California, which is the most populous state, has 45 electors.

For a man to be elected president, he needs a clear majority—two-thirds of the electoral college.

Detail of Procedure The procedure for this year's election is as follows: Nov. 2. The eligible voters go to the polls to elect electors.

Nov. 3. (The first Monday after the second Wednesday in November, as decreed by the constitution) the electors meet in their respective state capitals and ballot for president and vice-president. The results are certified, and forwarded to the president of the senate.

Nov. 14. The first regular session of the senate convenes in Washington. The president of the senate, in the presence of the senate and the house of representatives, opens the certificates from the electors. The ballots are counted, and if one candidate has a clear majority, he is elected.

Another difference between the two countries is that Canada has what is called "responsible government," while the United States has an "executive government."

In practical terms this means that in Canada the prime minister is responsible to the house of commons, while in the United States the members of the cabinet are not also members of congress.

True, Mr. Pearson had to seek a seat in the House of Commons for external affairs. But for example, a U.S. senator accepted the post of ambassador to the United States and was elected to resign his seat in the senate.

In the United States, Congressional elections are separate from the election of a president. True many senators and members of the house of representatives have been elected to the office of the president.

In point of fact, all 435 members of the House of Representatives will be elected this year. One third of the 96 senators will be elected, and in all states except Maine, where the electors have already been held, they will be elected on Nov. 2.

It is not certain that the new president will be elected to the office of the president. For instance, in the 1944 election the late President Roosevelt was elected to a second term.

This fact can lead to strange results. For instance, in the 1944 election the late President Roosevelt was elected to a second term.

## They Just Make It Up

Mayor Harry D. Ainlay's grudge against The Edmonton Bulletin leads him into strange and nonsensical extremes when he goes out this year to assert at the policemen's annual banquet that the incidence of crime in Edmonton is not as high as the newspapers make out.

A fair inference from the mayor's remarks would be that, in his opinion, crime news is deliberately fabricated by Edmonton newspapers.

It is true that a crime story in a newspaper may not be written in the same language and in the same sequence of events as it appears on a police blotter.

But factually it is exactly the same because police reports are the only possible source of crime facts. The only difference in the two accounts is that the police blotter is written for the personal use of the officials while the press story is written for the information of the public which requires a quickly and easily read digest of the facts in the first few words of the story.

Then, too, there is no emphasis on any single fact in a police report. The newspaper emphasizes those particular facts that are most likely to be informative, interesting and significant.

Mayor Ainlay knows very well that the production of a daily newspaper is an arduous and pressing job which leaves no leisure for factual invention.

In any day's budget of news reports these days there is quite enough excitement and sensation to make any edition sing without the fabrication of a single item. The newsmen's big job is the intelligent selection of news out of a welter of reports that no issue could possibly contain in full.

The mayor's personal resentment against the criticism of the press should not lead him into foolish and petty charges.

He should go for extreme limits to save his neck.

But this weak, sentimental and vicious attack is almost beyond belief. Criminal statistics show that ex-servicemen have a remarkably clear record of law observance largely because, we suppose, they have learned the principles of discipline which is the basis of an orderly society.

There is nothing new in this wretched plea. It was employed after the First War and has been employed frequently since the second one.

Fortunately courts do not accept it as the court did not accept it in the case of Hunsley.

For experience shows that ex-servicemen, all things being equal, are usually models of law-abiding good citizenship.

the facts in the first few words of the story.

## LEADING WITH THE CHIN

Chinese, 1948. New York World Telegram & Sun, 10-29-48.

# LETTERS TO THE EDITOR

## Support For Chinese Play

Editor, Bulletin.—I wish to take this opportunity to express our appreciation for the invaluable publicity and support which your paper recently gave to our showing of the Chinese play "Those Who Survive."

We feel that your great assistance in this regard was the main contribution that assured our effort of their magnificent support and attendance by the people of Edmonton. Our efforts on behalf of the hospitalized Chinese were definitely successful and the association again wishes to offer a very sincere "thank you" on this occasion.

Chinese Benevolent Ass'n, HENRY MAH, President, 9645 104 Ave.

## No Slums In City

Editor, Bulletin.—There appears to be a great deal of argument going on as to slum conditions in and around the city at present. There seems to be a great deal of prejudice against the small houses or should we say shanty buildings, a great fuss and hullabaloo is being raised unnecessarily.

The plain fact of the matter is that not only is there no slum conditions in Edmonton but there are none in any western city.

A laborer's man has a poor chance of ever owning his own home unless he builds it in a smart way on the outskirts of the city, and gradually add to it bit by bit. After all that is what

## Service Costs Money

Editor, Bulletin.—It appears to at least one of your readers that Mr. Chmilar is making a case for argument in his letter protesting the levy of the Property Owners' Association.

The total number of electors on the voters list today is 80,692. Of this number 28,851 are burgesses, the majority of whom are owners of small homes, bought mostly for purposes of thrift and saving or from the proceeds of business transactions. To put the deficits of any public service on that class is neither just nor sensible.

At any rate, it would have been more helpful if the Property Owners' Association had made an inquiry into the increased cost and had offered some suggestions for reducing the same.

There is one thing that we all must remember, and that is, in a city where the cost of living is so high, the cost of the bus, charged in 1947, with alterations, was \$2,504.38, together \$7,427.00. This amount adds up to the increased deficit in the transit system for the last twelve months, according to the city annual report. We must also not forget the loss of revenue from fares of people who would otherwise fetch their books from the north or south side libraries.

TAXPAYER AND BUS RATION 106 St.

## Silence Bells At Night

Editor, Bulletin.—Blasted, crass, commercialism, inordinate vanity and utter disregard for the rights of the citizen are the hallmarks of the firm that erected a set of so-called chimes just a stone's throw from the city hall.

I have been coming to Edmonton frequently for quite a few years, and I have always thoroughly enjoyed my visits.

But the past two nights have been made hideous by the incessant wailing of a horribly unattractive, unmelodious, and unharmonious "chime" that has "murdered sleep" not only for me, but also probably for a few men who do not live miles beyond sound of those chimes, trying to excuse for better!

There is no law that will protect the slumber of citizens! Cannot they be silenced at least from 11 p.m. until 8 a.m.?

The people who put up the bells are in a fool's paradise if they consider their good fortune in escaping. They are the very reason.

EDITOR TO EDMONTON.

## No Truck With Franco

Editor, Bulletin.—I would like to make strong objection to the thesis of DeWitt Mackenzie's article in the Bulletin, "Franco, who recently appeared in our city."

"No me," I said. "And with a private I dare say he is as good as dead."

"Or you?" "No more do you as a snail."

"I am not a snail," said the man who was the crowd, it makes you think, don't it?"

"If you are little old Church-ill talking about '29's little survey and sent him, yet it was only about three or four years ago when he was by the side of the chair and sofa in a big way."

Usually when I see this every-body "Stop it, Lottie, and let them, there little old Russians, but this time they didn't say or do anything but look rather painful and rather pathetic, I thought as I simply tore the stuffing out of a new utility car."

Well, after that I knocked over a few arguments, stuck my nose in a flower vase and quiet it, and

It is not certain that the new president will be elected to the office of the president. For instance, in the 1944 election the late President Roosevelt was elected to a second term.

## LOOKING BACKWARD

1888—60 Years Ago St. Joachim's separate school trustees have appointed George Roy, chairman; Luke Kelly, secretary; and J. J. O'Connell, treasurer for the ensuing year.

F. Roland has arrived with G. J. Kinnaird reflecting Dr. McKinnis in a 100-yard foot race on the Hudson's Bay football field.

1898—50 Years Ago Judge Rouleau is presiding at the session of the supreme court being held here.

C. Mackay, manager of the government of Alberta, is in Edmonton for the first time in the morning now.

"What time do you get up in the morning now?" "As soon as the first rays of the sun enter my window."

"Well, that's pretty early, isn't it?" "Oh, no. You see my window faces the west."

"The office boys at our place had a six-day strike for three weeks last spring. I paid the six-day strike for three weeks! Goodness, why didn't you settle it before it started?"

"Because I was that long before we realized they were strike!"

Young Mother: "The landlord called today and said the month's rent and showed him the money." "Young Father (of crying baby): 'Why you don't show him the rent and give him baby!'"

Edmonton. A. G. N.

## SITTING ON THE FENCE

# She's Battle Axe of the Cominform

Ana Pauker, Rumanian's Communist, is a battle axe.

"Runs Rumania," has been described by amara reporters as "The Battle Axe of the Cominform."

Ana has been observed at parties devouring great plates of hot food while ordering the dismissal or liquidation of officials.

On her rare holidays she has been seen "dining and ducking her large body in and out of the water as happy and sportive as a sea lion."

She may be Hell's pinup girl to those who cannot appreciate the virility and unusual beauty of Communist womanhood, but to her Uncle Sam, frequently attracted to the unconventional, she will always be his lovely Ana Pauker.

In this rhyming tribute he found it difficult to conceal his loveless passion for her:

Ana Pauker's fate to see, Lovely Ana Pauker, she is. Darling of the Kremlin, she, Loved by all and loved by me, Loved by even Vladimir, Ana, she's a corker.

Ana is my fairest one, When she has a day off, In the sea my darling, she, In her darning habing clothes, She is lovely, she is lovely, Ana she's the pay off.

Comrades one and all agree Beauty's often feeble, Beauty cannot compare to it if a comrade falls to it. The absolute integrity Of hammer and of sickle...

Then my Ana Pauker fair, With a most darning air, Hangs a comrade here and there, She's a little pickle.

Like true comrades trained and bred, She's a little talker, Facts and figures she can lead, Of iron men and steel and lead, She's a little talker, Facts and figures she can lead.

Well, after that I knocked over a few arguments, stuck my nose in a flower vase and quiet it, and

Today's Text

At parties Ana eats a lot. What's a charming man? While other comrades sit and plot.

Always something hot, Has a plotting comrade shot, Telling him to pat her.

Ana, unkink comrades say, Always hot, hot boy, oh boy, Apart from ministerial Ana has the you or nay

Of life and death from day to day. Of comrades who annoy-er.

Comrades aping bourgeois Must be liquidated, see? Ana takes their dough-er-er.

Always, oh boy, oh boy, Boy-er-a rich Russian peasant.

Animal Sunday

Sund Sunday was animal Sunday, during which all animals were specially remembered by their names.

After this I fell absolutely full of beans and soaked up a lot of the things that I thought for the chairs and sofas in a big way.

Usually when I see this every-body "Stop it, Lottie, and let them, there little old Russians, but this time they didn't say or do anything but look rather painful and rather pathetic, I thought as I simply tore the stuffing out of a new utility car."

Well, after that I knocked over a few arguments, stuck my nose in a flower vase and quiet it, and

Today's Text

Go to now, get that my, today or tomorrow we will go into such a city...

## Candidates Seek South Side Vote

### 12 Seeking Five Seats Heard at Two Meetings

Edmonton's South Side voters were appealed to last night at two meetings by 12 candidates for five aldermanic seats at stake in the current city election campaign.

First of these meetings was a regular session of the South Side Residents' Association, presided over by Frank Cowie, president. The meeting was in the basement of Knox United Church. More than 40 businessmen attended.

At a public meeting in the Scots Assembly Hall, Jack Jones was chairman.

#### RAIL PASSES EXPLAINED

Question on the number of passes issued for the Edmonton transit system was answered by Ald. Syd Parsons, who said there were 270 of them. These were paid by the department of the city to whom they were issued. The police department, for example, pays \$50 a year per person on the basis of the passes used by their members.

City clerk employees, who hold passes near a return to the transit system of \$15 each, postmen \$25 apiece and the fire department \$45. One question asked of all candidates was their opinion on the sale of city bonds and financial institutions of Edmonton rather than to banking and financial institutions.

#### SINGLE EXCEPTIONS

Except for Frederick J. Speed, all candidates indicated their approval of such sale. Mr. Speed announced he did not believe in bonds and debentures at all.

Mrs. Rita Rowan, one of two city reform candidates, said she and William Chumley, her running mate, stood for publicly-owned low rental housing as a solution to housing problems.

#### SPARKS ON HOUSING

Ald. Sidney Parsons, Citizens' Committee candidate for reelection, said he had always been opposed to poor housing in the city and had fought against construction of houses without basements by Wartime Housing. He also voted against erection of temporary structures in a potential slum.

#### "TOO MANY IRONS"

Mrs. Julia Klink, Independent, asked if the people were satisfied with the present administration. "The majority of these birds have too many irons in the fire," she said, and suggested a woman would have more time to devote to public affairs.

W. Hawerlak, Citizens' Committee candidate, said he was convinced a more aggressive attitude on the part of city commissioners could probably have secured sufficient sewer tile to make necessary extensions to sewer lines.

Ald. Athelstan Bisset, Independent, said there was an obvious split in the citizens' committee. He said the council could not have been expected to foresee the discovery of the Leduc oilfield, which meant the influx of thousands of new residents to the city.

Ald. S. S. Bowcott, Independent, said shortages of material could be helped by city council adding that city council has done a good job and still has tremendous difficulties which should be faced by men with experience.

#### SUPPORTS HOUSE PLAN

W. E. Briggs, Citizens' Committee, said he looked at the City of

## CIVIL SERVANTS SEEK BONUS

Demand for a cost of living bonus for all federal civil servants has been placed before the Dominion government and will be considered by the subcommittee, District Council of the Civil Service Federation of Canada, said for a meeting Thursday in Edmonton.

The demand climaxes a campaign by federal civil servants for a cost of living bonus similar to that now paid provincial government employees here. Meeting also announced that a second annual Armistice Ball sponsored by the Federation will be held at the Trocadero November 11.

Present gravel roads in the city, said if the city displayed energy in meeting the housing problem he was sure assistance could be received from both the provincial and federal governments.

Present gravel roads in the city, said if the city displayed energy in meeting the housing problem he was sure assistance could be received from both the provincial and federal governments.

Meeting Changed  
Owing to election day being November 5, North Edmonton Community League will meet Tuesday instead of Wednesday as previously announced. Officers will be

## Conviction Follows Illegal Operation

Thomas Freeman Reid, Edmonton hairdresser, was found guilty in supreme court Thursday by Mr. Justice Hugh John Macdonald of a charge procuring an abortion, and was remanded in custody until Saturday for sentence.

He was found not guilty of a charge of manslaughter arising out of the illegal operation. The charges against Reid arose out of the death of Verle Holman, 19-year-old housewife district resident, in a hotel on June 23 last.

Field, in a statement to the police, admitted he had received \$175 from the deceased, the money to be used in helping her out of her trouble. Later, the statement read, \$45 of this amount was returned to the deceased.

While under detention at the police station Reid pushed \$150 in bills through a window. These bills were later found by a police officer.

Reid said he disposed of the money as he thought it might be hard with him if it was found in his possession.

The solicitor, in his statement, denied performing or helping the deceased to perform an illegal operation.

Reid was elected at the meeting which was addressed by W. Hawerlak, chairman of the Federation City Committee.

## French Editor To Speak Here

Paris editor of the exclusive magazine "La Vie Intellectuelle", Abbe Mayhieu will lecture at the University of Alberta Monday.

The lecture, sponsored by the Alliance Francaise, will be held in room 143 of the Medical building at 8 p.m.

The French editor will describe his experiences with modern French writers during the last war when Nazi censorship interfered with freedom of expression.

Student Leaves  
A former Westleigh high school student who was a 1938 scholar, Clare McDermott left Edmonton recently for Ottawa where he is taking a post graduate course. McDermott was a noted scholar in Edmonton, having obtained a degree of bachelor of arts before he was 20 years of age.

## TORIES PLAN ORGANIZATION OF NORTHLAND

New leader of the Progressive Conservative party, Hon. Geo. Drew, will address two meetings in the Peace River riding prior to the next federal election.

Decision regarding the election campaign in the district was made at the annual convention of Progressive Conservatives in Peace River federal constituency, held Wednesday at Spirit River.

Henry Jerry, Peace River, was elected president of the constituency association. Vice-presidents elected were D. W. Patterson, for the Grande Prairie district, A. L. White, for Spirit River district, N. C. Wilson, Carl Fraser and Dave Williamson for the districts of Fairview, Peace River and Valley View, respectively.

M. E. Manning, Edmonton, and W. J. Wilde, provincial organizer, addressed the meeting.

G. H. JONG  
Chief of the North American branch of the Canadian Red Cross Society, G. H. Jong, will be in Edmonton for a few days. He will be in charge of the Red Cross activities in the city.

## Speaker Tells Only Way to Abolish War

A lecture on Christian Science, "Christian Science, Practical Religion," was presented in the Moose Temple Thursday by George Channing of San Francisco.

The lecture was presented under the auspices of the First Church of Christ, Scientist, in Edmonton. Following is a resume of the text of the lecture:

War will end when the material or mortal mind is brought into subjection to the divine Mind.

Mortal mind will yield progressively its mythical existence to the Mind that is in Christ Jesus, and we shall discover that we are making progress in the right direction.

Let us identify our thoughts with such qualities as steadfastness, guardianship of good, protection of the right to pursue spiritual ideals, fearlessness, confidence in spiritual being, trustworthiness, dependability, loyalty to God and man, which means loyalty to all that is right here. The expression of such qualities help to heal discordant conditions in peace and war, because such qualities oppose the human mind to the evil and reveal the divine Mind as the only Mind.

TRAGEDY CAUSES WAR  
War is not something to run away from or to escape. It is a challenge to express our God-given dominion—something to put out our lives by putting the human mind out of the seat of government and establishing the divine Mind as governor and controller of consequences.

War does not cause tragedy. It is tragedy that causes war—the tragedy of permitting ourselves to be deceived into accepting material misdeeds as a necessary source of some, or all, of our thinking.

The expressing of divine qualities is the only effective method of warring against war.

Never has mankind needed restoration of cherished ideals and trustworthiness objectives more than now. It would be both unchristian and unworthy to say or think that satisfying restoration cannot be made. The function of Christianity, rightly practiced, is to restore.

REVERSES CLAIMS  
Christian Science, the restorer, reverses the claims of war's destruction, as seen by the material senses and discards the material facts which wipe out and destroy these claims.

Out of the wreckage of war will come, for those with spiritual eyes to see, a clearer sense of Spirit's indestructible substance.

Spiritual understanding having been employed only to little, war, in its bitter ways, has done its part to strip mortal mind of its falsely apparent trustworthiness and compel recourse to Spirit, which binds not mortal mind.

We can build a better world. If we but cease upon and make real to our consciousness the spiritual fact of whatever the material senses behold of carnage and the results of carnage.

## 6 Television Broadcasting Applications Made to CBC

By D'Arcy O'Donnell

OTTAWA, Oct. 29.—(CP)—Six companies yesterday asked the CBC board of governors for permission to establish television broadcasting stations in Canada, but decisions on all applications were reserved.

A. D. Dixon, chairman of the board, said: "We are most anxious to make as full a study as possible of this most important question of television."

He made the statement while asking radio representatives at a public meeting of the board if they had any comments to make on the applications submitted.

**MAKE APPLICATIONS**  
Four of the applications came from existing stations—CFPB and CKAC in Montreal, and CFIB and CKYV in Toronto. The others came from Al Levy of Toronto, formerly connected with station CHUM Toronto, and from Famous Players Canadian Corporation.

All except Mr. Levy expressed willingness to go ahead immediately with the building of television stations. Mr. Levy asked for deferment of a decision on his application until the British treasury decided whether it will release capital which British interests wish to invest in his station.

The hearing brought out these developments:

1. Joseph Sedgewick of Toronto, counsel for the Canadian Association of Broadcasters, urged that the existing radio stations be given first choice of the limited television channels.

2. Leonard Brockington of Ottawa, counsel for Odeon Theatres and J. Arthur Rank, urged that no theatre be given exclusive rights to pick up or rebroadcast telecast programs.

3. Corey Thomson, manager of CKVL in Verdun, Que., spoke as a private citizen and urged that a private citizen be appointed coordinator of television be appointed.

Too many people discover—too late—that the old adage is quite true; an ounce of prevention is better than a pound of cure! They ignore persistent warning signals only to discover that the "minor" ailment has developed into a serious illness. So why gamble with your good health? See your doctor at the very first indication that all is not well within you. He can diagnose and treat your condition far better for having caught it in the early stages and set you back on the road to a complete recovery with far less expense to you in both time and money.

EDMONTON BULLETIN, Friday, October 29, 1948

## Smelters' Union To Re-Enter CCL

Formal Reinstatement Is Expected During Next Week

OTTAWA, Oct. 29.—(CP)—A Canadian Congress of Labor spokesmen said last night that congress will formally readmit the International Union of Mine, Mill and Smelter Workers into its fold next week.

The union was suspended from the congress two months ago for printing in its union paper what the CCL termed "false and malicious" information, aimed at discrediting CCL chiefs.

Delegates to congress' annual convention in Toronto two weeks ago upheld the suspension move made by the Congress executive.

### OFFICIAL APOLOGIZED

At that convention John Clark of Chicago, International Smelter Workers' president, said an article in the official Smelter paper last July 19 was "erroneous and malicious." He apologized and said the union offered a "sincere apology" and appealed for reinstatement of his union.

Pat Conroy, Congress national secretary, criticized the apology as insufficient and warned against persons seeking to "take over" unions for their own purposes.

It was felt by some CCL officials that the Smelter Union was Communist-dominated, but Mr. Conroy did not mention Communism by name. He said the writer of the article, which "slandered" Congress president A. R. Mosher and another CCL official, was a member of the Labor-Progressive (Communist) party who had been responsible for other charges that Labor leaders were "selling the rank and file down the river."

The Alaska highway would help, he said, but not enough. Development of air links would be vital to national defence during any war, he said.

He declared Alaska certainly should have more than one or two additional air routes.

(The article said that Mr. Mosher, also president of the Canadian Brotherhood of Railway Employees, tried to settle for less than the railway union's original wage demands last summer.)

However, at a post-convention meeting, it was understood that the executive finally settled at its price for the union's readmission to a formal apology to be printed in the union's paper.

This said a CCL spokesman last night, was done Oct. 11. There was nothing new, he said to prevent the Smelter Union from readmitting its membership. He declined to comment on the Communist issue.

An official announcement by the congress is expected Monday.

## Weak Earthquake Is Felt In Japan

TOKYO, Oct. 29.—(AP)—A weak earthquake was felt early today in the northern one-third of Japan, including the Tokyo-Yokohama area. No damage was reported. The Japanese meteorological bureau placed the epicentre in the Pacific about 100 miles east of Tokyo.

## Secret Arms Debate Planned in Britain

LONDON, Oct. 29.—(Reuters)—Defence Minister A. V. Alexander last night accepted a suggestion by Winston Churchill that the House of Commons should hold a secret debate on Britain's defence. He said he could see no objection to the debate if it were held under special circumstances. The government could be "perfectly frank" on some of the main issues, he declared.

One of the great difficulties confronting Britain, he added, was to strike a balance between rearmament and recovery.

"We must make sure that collective military security does not ruin plans for the recovery of our own country, of Europe and other parts of the world that the objectives of the Communist cold war could be achieved without their being required to fire a shot."

## WOODPECKER EATING WOMAN OUT OF HOME

LONDON, Oct. 29.—(AP)—It's infuriating, really! A woodpecker has pecked so many holes in Mrs. D. M. Gray's house that it begins to look like a sieve.

And when the spook him off, he says, the bird just flies to a tree and gives her the bird sort of a jerring laugh.

The culprit is a woodpecker type known as the yaffle because its song sounds like that—like a yaffle.

Mrs. Gray showed the press a frame house pockmarked with patched-up holes, some of them six inches wide.

Mrs. Gray wanted to have the bird shot dead, but even then the woodpecker had the last laugh. In her section of Essex, the Home Office said, a yaffle can't legally be killed.

So the yaffle keeps drilling, and yaffing.

## Proposed Power Plan Hits Snag

WASHINGTON, Oct. 29.—(CP)—The proposed power development of the St. Lawrence river ran into a snag yesterday.

The U.S. federal power commission was told that, for legal reasons, it "must dismiss" the application by New York state for permission to go ahead with the joint development with Ontario.

Several reasons were given. One was that the commission hasn't the legal power to issue a license. Another was that the proposed development does not constitute the "best and wisest way" of developing what is described as an "urgent and immediate" need for power.

# Time Out

By Dick Beddoes

A lot of people whose judgment I respect think that Hockey's Roddy MacDonald is the best mid-dielectric boxer in western Canada. And one of these is the great Roddy Williams, the man who keeps his vocal cords wrapped in cotton bawls these days so that he will be in "time voice" to announce Al Oetting's wrestling cards every Tuesday night.

Yesterday Williams threw away his cotton bawls and tossed his hat into the local promoting ring. Right away he announced that he had MacDonald under contract to battle a Salt Lake City pugilist here on November 15.

Williams didn't say who his pugilist is. But it is to be hoped that he is a more formidable opponent than, say, Cliff Beckett, whom MacDonald vanquished in Calgary recently or Ray Wouters.

MacDonald may fight Wouters in Vancouver on December 8. However, unless the latter has improved considerably since his preliminary fight in Edmonton you can bet a bundle of broccoli on an easy conquest for the Rock.

Williams is currently engaged against opponents who appear to be as carnivorous as the dinner table itself. Certainly his opposition should be better off to fear the Wouters big with disdain.

That is what Williams figures might happen. Williams claims that the import from Salt Lake will not stand the seat of his pants too often, and will be what the sportsman the game like to call a "come". You are to believe that MacDonald may have his hands full with the Yankee boy.

**SAME AUTOBIOGRAPHY**  
After releasing his information re MacDonald, Williams must at least length on his own escapades in the ring. It will be his current generation that he knows anything about boxing since he has been devoted to the grappling trade in the post-war era.

But Edward dispelled all doubts regarding his boxing knowledge by revealing that he quipped Harry Killen for the Northern Ireland middleweight crown in 1925. The indications were he invented the left hook, right cross, and bolo punch that day.

Edmonton's newest promoter migrated to Alberta in 1924. At the light of his fate career was losing a brawl to Alex Wilson of Calgary for the western welterweight title in 1925.

After then Williams has been active in the training dole, taking time out for World War two. His only hitch took him to the States where he trained the Wheeler hockey team from that centre for Riley Mullis and Mac Colville.

Admirers of MacDonald will watch closely every promotional move by this greying family man. There are several people on the horizon who would gladly promote the Rock's fights and Williams knows it.

For that reason he must uncover one pretty fair machine to keep MacDonald under lock and key.

**The Beau Returns**  
WASHINGTON, Oct. 29.—(AP)—Hearst Corp. former Augustus C. bootblack, put on a "killer" demonstration Thursday night to stop Eric Moon of London from being knocked in one minute and 21 seconds of the third round of a scheduled second boxing match.

Jack weighed 145 lb., Moon 144.

DAVE (SWEENEY) SCHRIENER

... He goes on forever.

## Man Who Came Back Plays With Regina Caps Saturday

By Dick Beddoes

The fans were barely seated when a big Regina forward swept in front of the Saskatoon goal, snared a pass from Chuck McCulloch and blazed the puck past Ken McAuley.

It was the first goal of the 1945-46 Western Canada Hockey League season and was scored less than three minutes after the opening whistle. And the fans brought down the house: an old maestro had scored that goal.

**CROSSES UP EXPERTS**  
He was Dave Sweeney Schriener, the NHL veteran who had been out of active play for two years and was supposedly all washed up. But before the first bell every expert in Regina's Arenas City Gardens figured that like Tennyson's brook, he could go on forever.

For the bluff, hearty puck chaser from Calgary fired two goals that night as the Caps skated to a 6-1 triumph. Schriener could well be the man who came back in the WCHL. His eight points in four games to date indicate that.

At 36 Sweeney doesn't expect to go on forever chasing pucks up and down Canadian ice, but he has the opportunity to lend emphasis to the old saw, "there's life in the old dog yet."

The old boy and his mates will be at the Edmonton Arena Saturday night for their first game of the year with the Flyers. And the leadership of the WCHL will be at stake.

At this writing both clubs are all started and engaged up at eight points each. Saturday's fixture will smash that tie for the moment unless they wind up in a tie.

There is no telling but what Schriener might be the man to spark Regina into the lead. Since caps playing to fame with the New York Americans as NHL rookie in 1934, he has been a constant critic of the cap's usefulness. But Coach Art MacLellan of the Caps will tell you that Sweeney is still a smoothy with a puck and stick and a cute smile on the goal-mouth.

Schriener finished his career under the big top with Toronto Maple Leafs and coached Lehigh Valley Maple Leafs in command of the team during the past two seasons.

Meantime Coach Frank Currie kept Flyers under wraps Thursday but will shoot them through a light drill tonight. Bernie Baughart is the only doubtful starter in Saturday's game and it is expected that the cold in his eye will have loosened sufficiently to allow him to play.

Starting time for the match is 8:30 p.m.

## Boston Mauls Hawks For 4th Win in Row

Third Period Scoring Drive Gives Bruins 5-1 Triumph

CHICAGO, Oct. 29.—(AP)—Boston Bruins won their fourth straight National Hockey League game Thursday night as they defeated Chicago Black Hawks 5-1 before 16,812 fans at Chicago's Maple Leaf Gardens.

It was the Black Hawks' fifth HAWKS SCORE FIRST  
The Hawks led only once during the game when, after a scoreless first period, Gus Bodnar hit for a goal on the short-handed Bruins at 13:18 of the second heat. Pat Egan was sitting out a penalty for holding. Jimmy Coacher took the puck deep in Boston territory, scooped down centre ice and passed to Bodnar.

The Bruins tied it up at 15:36 when Johnny Peterman connected on a play started by Egan and Paul Ronny.

**BRUINS OPEN UP**  
The third period was a rout with Boston scoring four times within 15 minutes. Ken Smith gave the Bruins their first lead of the game, 5-1 at 4:45 following by Jim Peters' shot at 7:20.

Pete Babando connected twice in the last seven minutes, first at 12:50 and finally at 19:45. Boston's Ed Sanford snared two assists to continue as NHL point leader.

## I HAVE LEARNED MY LESSON' SAYS COOPER

ST. LOUIS, Oct. 29.—(AP)—Mort Cooper appeared in court Thursday for dismissal of two warrants charging him with issuing worthless checks and said "I have learned my lesson and I intend to settle down."

Judge Louis Comerford dismissed the charges against the former pitcher of New York Giants, Boston Braves and St. Louis Cardinals after Sam Breadon, former owner of the Cardinals, paid \$21 in court costs.

Prosecutor William Lochmoller said Breadon also made good two checks of \$50 each Cooper was accused of passing at a hotel here and that Breadon also gave him \$150 to be forwarded to authorities in Springfield, Mo., to cover a cheque issued there.

## Gene Bearden Named AL Rookie of Year

By Joe Reichler

NEW YORK, Oct. 29.—(AP)—Gene Bearden, tall southpaw for Cleveland Indians, Wednesday was voted the American League's rookie of the year.

The 28-year-old, six-foot-two knuckleball artist, who hurled the Tribe to the American League pennant in the epic playoff game with Boston, joined Alvin Dark of Boston Braves as the freshman champions of their respective circuits.

**CLOSE RACE**  
Both received the accolade in an Associated Press poll of 250 baseball writers throughout the United States. While Dark had a ray time leading Philadelphia outfielder Richie Ashburn, 160 votes to 157, Bearden had a strong competition from the Red Sox's Billy Goodman. Bearden was named on 90 ballots to 88 for the Sox's young first baseman.

Third place in the junior circuit voting went to Lou Brien, partner for Philadelphia Athletics. The war hero drew 15 votes to 12 for Satchel Paige, against Negro right-hander for the Indians.

**TRAILING THE PACK**  
No other player received more than four votes. They were scattered as follows: Bob Porterfield, New York Yankees' pitcher, four; Mel Purnell, Red Sox outfielder, three; George Vico, Detroit first baseman, Larry Doby, Cleveland outfielder, and Johnny Lipon, Tiger shortstop, two each; and first baseman Hank Aft and pitcher Ned Garver, both of St. Louis Browns, one apiece.

The poll was completed before the World Series in which Bearden won a shutout game and saved another with expert relief hurling.

**Coast Bombers Calgary Bound**  
VANCOUVER, Oct. 29.—(CP)—Vancouver Blue Bombers, Dominion junior football champions, left Thursday night for Calgary where they will play a sudden-death game Saturday against Calgary Tornados in the Western Canada semi-final.

Fullback Jack Wootton, whose status as a junior league was disputed because of his age, will likely play on the Blue Bomber squad. Arrangements were made Thursday to have his high certificate flown to the prairie city before the semi-final game.

**Race Wagering Drops at Coast**  
VICTORIA, Oct. 29.—(CP)—British Columbia's racing devotees drove in their horse bets this year, with a resultant drop of 39 per cent in pari-mutuel "take" at the three west-coast tracks this summer.

In a report released Thursday, finance minister Herbert Anscombe said that the drop in betting was a result of a drop in the province's total tax revenue by the Dominion government.

Total betting came to \$2,213,980, a drop of \$1,682,500 from last year's figure.

## FALLING WEIGHT KILLS FORMER MAJOR LEAGUER

CONSHOHOCKEN, Pa., Oct. 29.—(AP)—A 100-pound weight fell from a fire escape Thursday and killed Roy Egan, 61, former major league baseball player.

Egan played shortstop for Pittsburgh in 1918 and later played for Cincinnati. In 1918 he won the pennant for Nashville in the Southern Association in his first year as manager of that team.

**St. Louis Rallies To Tie Ramblers**  
NEW HAVEN, Conn., Oct. 29.—(CP)—Two last-period goals by Johnny Mariucci and Barry Sullivan gave St. Louis Flyers a 4-4 deadlock with New Haven Ramblers just night in an American Hockey League game before 1,500 fans.

Other Flyer scorers were Steve Black and Norm Tuttle. Ken Davis scored twice for the Ramblers. Fred Brown and George Johnston one each.

**Hi School Grid Final On Tonight at Clarke**  
It will be 6 to 5 and take your choice tonight when a determined underdog team meets an equally determined and once-defeated squad in the Senior high school football final at Clarke Stadium.

And that's exactly the situation that will be in evidence when Seneca meets St. Joe's in the mid-decath clash.

The South Siders have been badly weakened by the loss of a highly fullback Doug Swail via the injury route. Swail is in hospital with a broken right leg.

On the other hand, St. Joe's are determined to take the game, thus o'clock.

It is expected that a referendum of the student body will be held next month to decide whether or not to discontinue the two major sports due to increased costs and lower gate receipts.

Andrekson said he was personally opposed to such a move "because both sports, and football in particular, are almost an integral part of college life."

He also pointed out that dropping football might put the damper on high school ball in Edmonton due to the fact that playing with the Golden Bear gridder is the goal of most high school players today.

## Man Who Came Back Plays With Regina Caps Saturday

By Dick Beddoes

The fans were barely seated when a big Regina forward swept in front of the Saskatoon goal, snared a pass from Chuck McCulloch and blazed the puck past Ken McAuley.

It was the first goal of the 1945-46 Western Canada Hockey League season and was scored less than three minutes after the opening whistle. And the fans brought down the house: an old maestro had scored that goal.

**CROSSES UP EXPERTS**  
He was Dave Sweeney Schriener, the NHL veteran who had been out of active play for two years and was supposedly all washed up. But before the first bell every expert in Regina's Arenas City Gardens figured that like Tennyson's brook, he could go on forever.

For the bluff, hearty puck chaser from Calgary fired two goals that night as the Caps skated to a 6-1 triumph. Schriener could well be the man who came back in the WCHL. His eight points in four games to date indicate that.

At 36 Sweeney doesn't expect to go on forever chasing pucks up and down Canadian ice, but he has the opportunity to lend emphasis to the old saw, "there's life in the old dog yet."

The old boy and his mates will be at the Edmonton Arena Saturday night for their first game of the year with the Flyers. And the leadership of the WCHL will be at stake.

At this writing both clubs are all started and engaged up at eight points each. Saturday's fixture will smash that tie for the moment unless they wind up in a tie.

There is no telling but what Schriener might be the man to spark Regina into the lead. Since caps playing to fame with the New York Americans as NHL rookie in 1934, he has been a constant critic of the cap's usefulness. But Coach Art MacLellan of the Caps will tell you that Sweeney is still a smoothy with a puck and stick and a cute smile on the goal-mouth.

Schriener finished his career under the big top with Toronto Maple Leafs and coached Lehigh Valley Maple Leafs in command of the team during the past two seasons.

Meantime Coach Frank Currie kept Flyers under wraps Thursday but will shoot them through a light drill tonight. Bernie Baughart is the only doubtful starter in Saturday's game and it is expected that the cold in his eye will have loosened sufficiently to allow him to play.

Starting time for the match is 8:30 p.m.

## Louis and Great 'Heavy' Champs of the Past

### Joe Louis May Not Defend Title Again

ATLANTA, Ga., Oct. 29.—Joe Louis may have fought his last championship bout after all.

The Brown Bomber has started an exhibition swing of the southern United States and in an interview here indicated he may not defend his championship again.

But you know Joe.

What brings the question up for Louis is the quality of challenge these days. After disposing of Jersey Joe Walcott twice, and neither time in easy fashion, the champ announced his retirement.

"This is for my mother," he said.

"This was my last fight."

But later he said he would take on any next June against a "suitable contender." Now, what makes a suitable contender? Louis is not sure.

**BAKSI OR CHARLIE?**

At the present time the winner of the Joe Baksi-Kozzard boxing fight which is coming up is considered to be the most likely person to step through the ropes in Yankee Stadium next June in Louis.

Baksi, from a small coal mining town in Pennsylvania, has been an in and out fighter, looking like a world-beater on one occasion, and like just another heavyweight the next.

Charles is a light-heavyweight with dynamite in his hand. He has an enviable knockout record. On the other hand, he would have to give away a lot of weight to Louis.

The champion isn't sure whether he will fight the winner in any event. He puts it this way: "It depends on how the challenges look. If none look good, why I just won't fight."

### Field Hockey Gains Popularity—No Wonder

PRINCETON, N.J., Oct. 29.—(AP)—There are 17 athletes at Princeton University who don't want to be football heroes. Their sport is field hockey. And while more than a handful of people watches them play, they love the game. Little wonder—the competition couldn't be better.

The only teams in the Princeton area which play field hockey are from the various girls' schools. So the 17 Princeton men, calling themselves "The Tigons," started what was at first intended as a rag. They formed a field hockey team and sent invitations to the girl schools. They received several acceptances and already have played and won three games.

The idea was to break the social—and it worked. After each game the Princeton boys have been swamped with invites to parties, sports, dances and so on. They're the envy of the campus at their aliboy school.

The Tigon captain—George Montgomery—says the girls are surprised the Tigons play to win, but he adds, "what's more important, they keep asking us to come back."

Success hasn't gone to the boys' heads and they're pointing for the big game of the season, against the 17 Princeton men, calling themselves "The Tigons," started what was at first intended as a rag. They formed a field hockey team and sent invitations to the girl schools. They received several acceptances and already have played and won three games.

The idea was to break the social—and it worked. After each game the Princeton boys have been swamped with invites to parties, sports, dances and so on. They're the envy of the campus at their aliboy school.

### TRACKMAN RECALLS 'PAINTED RINGER'

OTTAWA, Oct. 29.—(CP)—Discovery in New York that a ringer named Don L. Delany ran as L.J. at a Blue Hen race track last Aug. 28 recalled a famous ringer case in Ottawa some 20 years ago.

T. P. (Tommy) Gorman of nearby Connaught Park track, remembers the case well.

"It was the first year I was connected with the club, as secretary," said Tommy.

"A horse named Little Boy won by 30 lengths before we found out he was actually Westy Hogan, a \$50,000 stallion, painted to resemble Little Boy."

The perpetrators of the disguise "skipped back to the States" before legal action could be taken, Tommy recalled.

### John Clarke President Of Edmonton Ski Club

John Clarke was named president of the Edmonton Ski Club for the coming season at the group's general meeting Thursday night. He was elected by acclamation.

Harold Bretelle is vice-president, while Ken McKenzie is treasurer. Other members of the executive are: Audrey Bishop, corresponding secretary; Muriel Sheppard, membership secretary; Neil Leverman, social convener; Ole Hovind, jump captain; Neil Godwin, chief instructor, and Ted Bishop, local advisor.

Jack Rallay of the Recreation Commission spoke to the members on the proposed 'Learn to Ski' program in the city this year.

Medals won last season also were presented and a social session was held when the business was closed up.

#### Cricket Notice

The Edmonton Cricket Association will hold a snooker at the Western Armistice hall tonight at 8:30 p.m. All members are advised to reach the hangar by the 124 street and 118 avenue bus.

#### Curling Meeting

The Edmonton Curling Club will hold a meeting Thursday evening, Nov. 2, at the Edmonton Curling Club. All interested are asked to attend. Confab starts at 8 o'clock.

### U.K. Tennis Stars In Winter Workouts

LONDON, Oct. 29.—(AP)—British women tennis stars will practice all winter to try to win the Wimbledon Cup from the United States next summer.

Starting Nov. 23, a squad of 14 girls, including some newcomers, will practice four hours a week on indoor courts under the direction of Mrs. Kay Stammers Menzies, British captain.

"I think it's a stand-out climax to a big year for a great horse," said trainer Jimmy Jones.

### 118 Prisoners Freed

PRAGUE, Oct. 29.—(AP)—President Klement Gottwald freed 118 persons from prison sentences on the eve of Czechoslovakia's independence day holiday. He reduced the sentences of 18 others to 10 years from 15 years and 10 others to 10 years from 15 years.

## Citation Lone Entry For Pimlico Special

Calumet Farm's Great Champ To Get \$10,000 for Solo Run

BALTIMORE, Oct. 29.—(AP)—They closed the entry box for the Pimlico Special Thursday and, as expected, the name of only one horse was in it—Citation.

The Calumet Farm filly is going to be around 1:54 mile of the Pimlico race track Friday all by himself with jockey Eddie Arcaro riding.

When Citation gets back to the finish line, the Maryland Jockey Club will have \$100,000 waiting. It is the fastest money Calumet ever picked up—with one exception. The one thing happened when Citation had a \$100,000 walkover in the 1945 Special.

Pimlico's management has underlined the "no contest" verdict by making the special an extra event. Citation will do his jogging between the fifth and sixth race.

"I think it's a stand-out climax to a big year for a great horse," said trainer Jimmy Jones.

The fact that he has spread-eagled all his opponents and comes up to a race designed to determine the championship of the season and nobody wants to meet him is a fine tribute to his greatness.

Citation hasn't raced here since he won the Preakness. Middle class in fact, a triple crown, last May.

He has earned for owner Warren Wright a grand total of \$400,000 in his two years of racing, \$264,310 of it this season alone in a record-shattering performance. Only Stywite, with \$211,345, is above him in the list of top money-winning horses of the world.

### Bissonette New Toronto Manager

PHILADELPHIA, Oct. 29.—(AP)—Dr. Bissonette, one of the all-time Brooklyn greats and manager of Boston Braves for a brief period, Thursday was named manager of Toronto Maple Leafs of the international baseball league.

Bissonette, 48, of French-Canadian descent, was named by Philadelphia Phillies, Toronto's parent club, to replace Jack Porter, who resigned earlier in the week.

The former Brooklyn first baseman is an experienced minor league manager and moves up in the Phillies farm system from leadership of the Portland, Me., club in the class B New England league.

### Royal Curling

Royal Curling Club will hold a meeting in the clubroom Friday night.

### SOCCER REFS CALL STRIKE

VANCOUVER, Oct. 29.—(CP)—Vancouver soccer referees Thursday called a strike on the Vancouver and District Soccer League.

One Kuli, Referee's Association spokesman, said the league had proposed a \$1.00 increase last week, and then called a meeting and decided not to pay out the extra money. The present rate is \$1 a game.

The watermelon has been cultivated since ancient times.

## Strictly Personal

By Jim Algo

Whenever faithful hockey followers get together over a cup of coffee or a warm bottle of milk the question of 'shots on goal' will inevitably pop up in the course of the conversation.

Just how much value should be put on this effort by sports and radio boys to tell the story of a hockey game through shots on goal?

Two ardent followers of the puck game recently argued the point all through the night and well into the morning. Better they should have stayed in bed.

After getting the question from all angles, the wound up exactly where he started — one seeing a ray of hope for the future and the other saying: "It's a lot of bunk."

"How could it Keith Woodall possibly hope to show the trend of the game? Why most of the shots could be blocked by my grand-children. And in the end, the chair," barked the fan of the first party.

He got in his second kick with: "One good hard shot at an unprotected center is worth five to 10 of the ordinary variety. Even those that miss the cage by inches are better off than a puny shot," he added.

This was the opening for which our second chum was waiting. "Any goalie will tell you all shots are tough, even the weakest of the weak, the weakest of these dribblers have a chance of going in and many of them do," he added.

After many thousands of words had passed through the air, the ardent pair of fans concluded that they just couldn't see eye to eye. They grabbed a phone and asked for an expert's opinion.

An expert in this case could be nobody but a goal-tender, so we came up with Keith Woodall, who is beginning to find himself with Frank Currie's Pliers. Said he:

"In most cases shots on goal don't give the true picture of a game. In some encounters a goalie

### Dickey, Ed Lopat In 'Cover Up' Deal

NEW YORK, Oct. 29.—(AP)—New York Yankees as a coach, is a busy partner of Hank Pletcher 1 in Little Rock, Ark. The oil automobile seat covers. Why Commissioner Charles Dickey, be about that, he likely will fine for the "cover-up" deal and deal all the cars free again.

Seriously, we never could find out who exchanged baseball seats for the "cover-up" deal and deal all the cars free again.

They grabbed a phone and asked for an expert's opinion.

An expert in this case could be nobody but a goal-tender, so we came up with Keith Woodall, who is beginning to find himself with Frank Currie's Pliers. Said he:

"In most cases shots on goal don't give the true picture of a game. In some encounters a goalie

# Canadian Football Teams In Fight for Playoff Spots

Two of the Dominion's senior football unions wind up their schedules this week and settle the pattern for championship playoffs. In a third league, the playoff speculation may continue for another week.

Here are the key struggles for playoff positions: Ontario Rugby Football union—Sarnia Imperials play Brantford Indians in Toronto Saturday night, and the winner tackles the undefeated Hamilton Tigers in the final.

Western Interprovincial union—Saskatchewan Roughriders from Regina go to Winnipeg to play the Blue Bombers Saturday, the winner going into the final against Calgary Stampeders, unbeaten in 11 starts.

ARGOS VS. ALOUETTES  
Interprovincial union—Toronto Argonauts play the Alouettes at Montreal Saturday and must win to keep their playoff chances alive. There are seven games in the league, and the Argonauts have the University of Western Ontario Mustangs as opportunity of making the undefeated record of the old Queen's teams of the 1920s, one of Canada's greatest football machines. In the OIU the Brantford Indians hold a one-point lead over Sarnia for second place, they have added strength for this key battle. Quarterback Joe Kane, who went to University of Toronto for a while, and tackle Alouettes, is again in shape to take a turn at calling plays.

In the three-team western union, the Blue Bombers lead the Roughriders by two points in the standings. But if the Regina club wins it will go into the final against Calgary on the basis of a better scoring record. It has lost 17 points in the 10 games while Winnipeg has 74 points to its credit.

LITTLE HOPE FOR ARGOS  
Playoff hopes for the Argos, Dominion champions in the last three years, depend on the Alouettes losing their two remaining games. If Argos win Saturday night, they still meet up with the leading Old Blue Rough Riders for the Big Four title. If the talented Hamilton Wildcats can upset Alouettes in the closing game of the schedule Nov. 6, however, if the Alouettes win or draw, the Argos reign will be at an end.

The Rough Riders, with nothing more than their reputation at stake, are at home Friday in the Wildcats. The Argos will be at home Saturday in the Wildcats.

**Judza Called up By Toronto Leafs**  
TORONTO, Oct. 29.—(CP)—Toronto Maple Leafs of the National Hockey League Wednesday summoned defenseman Bill Judza from their American league farm club, Pittsburgh Hornets.

Judza, former New York Ranger, was picked up by the Leafs in an off-season trade. The 26-year-old defenseman first joined the Rangers in 1940.

Leafs managing director Conn Smythe said Judza had been called up because a recurring groin injury again was bothering defenseman Garth Healey.

**3 Firemen, Girl Injured In Blaze**  
OTTAWA, Oct. 29.—(CP)—Three firemen and a girl were injured last night in a spectacular two-alarm blaze roared through Fick's Foundry on Wellington street in midtown Ottawa. Damage was estimated at more than \$100,000.

Fireman Edgar Fitzpatrick, who fell from a 30-foot ladder and was taken to hospital suffering spinal injuries and cuts to the face and hands.

Fireman Robert Simpson, cuts to the right hand and face. Clarence Tremblay, 17, of Hull, a bystander, struck on the head by a falling brick, treated for bruises and cuts to the face and forehead.

**'Peg Rods Win**  
WINNIPEG, Oct. 29.—(CP)—Halfback Paul Chokkie came up with a two-touchdown display Saturday night to pace Winnipeg Rods to a successful defence of their Manitoba junior football title against Winnipeg Light Infantry. The Rods won the game 10-1 and the round by 23-19.

**WINS \$600,000, SAYS BETTING A FOOL'S GAME**  
LONDON, Oct. 29.—(AP)—J. B. Townley, owner of Strophe who Wednesday won the Cambridgehire stakes, collected £180,000 (\$600,000) in winning bets Thursday, but declared that "betting is a fool's game."

I think I'll go in for breeding now," he added.

**Smokies Topple Nelson Leafs 8-5**  
TRAIL, Oct. 29.—(CP)—The doornut Nelson Maple Leafs, of the three-team Western Interprovincial Hockey League, were walked over again last night when Trail Smoke Eaters whipped them 8-5. It was Nelson's third straight loss.

D. Anderson, Louis Sisco and Nick Turk led the mediocre world amateur hockey champions to victory, each scoring a brace of goals. Simmons and Nicol garnered a goal apiece.

Tatchell, who scored two goals. McLaughlin, Vickers and Lubek were Nelson marksmen.

**Former Embassy Clerk Sentenced**  
WARSAW, Oct. 29.—(AP)—Charles Whitehead, 35, former clerk in the British embassy, was sentenced to four years in prison for the charge of collaborating with the Germans during the occupation of Poland. Whitehead, a Polish citizen of British extraction, pleaded innocent.

Last year more than 23,000 persons crossed the border into Canada from the U.S., but over three-quarters of them stayed here for only a day or so.

**WALKER CUP ENTRY FOR CANADA URGED**  
PRINCE ALBERT, Sask., Oct. 29.—(CP)—A resolution asking the Royal Canadian Golf Association to challenge for the Walker Cup-Bi-Annual amateur golf competition between the United States and British golf teams—was passed Wednesday night at the Prince Albert golf club's annual meeting.

President Dr. R. D. Reid said the RCGA had considered the question at annual meetings in 1936 and 1937 but felt that lack of Dominion organization would not permit such a move.

**PREPARE FOR THE LIONS MASK**  
TORONTO, Oct. 29.—(CP)—Toronto Maple Leafs of the National Hockey League Wednesday summoned defenseman Bill Judza from their American league farm club, Pittsburgh Hornets.

Judza, former New York Ranger, was picked up by the Leafs in an off-season trade. The 26-year-old defenseman first joined the Rangers in 1940.

Leafs managing director Conn Smythe said Judza had been called up because a recurring groin injury again was bothering defenseman Garth Healey.

**SANDY SADDLER**  
... A tough customer.

**Willie Pep**  
... People's choice.

**Willie Pep 1-to-3 Favorite Tonight**

NEW YORK, Oct. 29.—(AP)—Willie Pep, as consistent as Citation, is a 1-to-3 favorite to whip Sandy Saddler, lean Harlem champion, in a 15-round defence of his world featherweight boxing championship Friday night at Madison Square Garden.

The best, marking the return of boxing to the Garden after the month-long lull, has been called on at the box office. Some 12,000 fans are expected to pay \$60,000 to see this first live venture of Harry Markson, new managing director of the 20th Century Sport, Inc. Club.

Neither the 26-year-old champion from Hartford, Conn., nor Saddler is expected to have any trouble making the 126-pound class limit.

Despite the heavy odds on Pep there is strong support for the still-punching Saddler who has been coming on fast in the last two years. Pep has been accused of ducking Sandy, a tall thin operator with reach and height in his favor.

The challenger is five feet, eight inches tall while Pep is five feet, 3 1/2 inches.

**Beantown Rookie Setting Hot Pace**

MONTREAL, Oct. 29.—(AP)—Samford continued his hot scoring pace last night, earning a pair of assists when Boston walked Chicago, to increase his lead in the National League scoring race. The Bruin centre has nine points, two more than Teammate Grant Warwick, who collected an assist last night.

Two other Boston marksmen, Phil Balaban and Jack Crawford, advanced into a third place with Montreal's Elmer Lach. Balaban fired two goals while Crawford garnered an assist.

**THE LEADER:**  
Boston 10, Montreal 4.  
Warwick, Boston 3.  
Balaban, Boston 2.  
Crawford, Boston 2.  
Lach, Montreal 1.  
D. Bentley, Chicago 1.  
Bey, Montreal 1.  
Montreal, Chicago 1.

**Convict Takes Blame For Murder**

KINGSTON, Ont., Oct. 29.—(CP)—Austrian-Croat, 46-year-old convict on trial for murder, today took full responsibility for the shooting of penitentiary messenger John Kennedy during a prison break last April 29 but claimed the slaying was an accident.

Conducting his own defence at the supreme court trial, Craft voluntarily took the witness stand and submitted to cross examination by Crown Attorney T. J. Higney.

The fatal shots were fired when Craft and Norman Urquhart, 21-year-old Toronto youth, escaped to freedom. He said his mind was made up to make the dash for liberty. But he told the jury he had no intention of killing the messenger while on the run.

"I say this now and I say it before and I say it after," Craft said. "The life was lost accidentally through an act of mine. I alone am responsible."

"But I know in my heart I am guilty of murder. I never did profess to be any great Christian but I am Christian enough to have some belief. I alone am responsible for this accident. That is all."

**Three Injured In South Crash**

LITTLE ROCK, Ala., Oct. 29.—(CP)—Three persons were injured, one seriously and another critically, and a car was destroyed and damaged as a result of a three-car highway collision on mile east of Bartwell, Ala., Wednesday night. RUCAP subdivision headquarters reported yesterday.

Police said Nick Leach, 49, of Coatsville, Ala., was seriously injured when crushed between two cars, one of which was on fire. The wreckage of an earlier accident was visible in the wreckage.

Also in hospital is Mrs. Earl P. Jackson, of South Carolina, who was driving the third car involved in the crash. She planned she suffered a broken left leg and scalp injuries.

UNIVERSITY AUTHORITIES were joined this week by three new appointments to the Board of Governors to succeed three members whose terms had expired. The new members are Dr. L. P. Mousaev, Edmonton surgeon, on left, Mr. Winnifred Rose, of Millet, prominent member of the UFWA and Roy C. Marler of Bremner, president of the Alberta Federation of Agriculture.

## MacKinnon Going to Bat On Hotel, TCA Projects

Hon. James A. MacKinnon, federal minister of mines and resources left Wednesday night for Ottawa with his fists figuratively clenched and making three promises to his Edmonton supporters:

### Clubroom Asked For City's Aged

Need for a recreational center for the downtown section of the city for Edmonton's aged men and women was stressed by Eve Henderson in an address to the 10th Club at their meeting in the Macdonald Hotel Thursday.

Popularly known as the Helen Kent of a women's program on CTV, Mrs. Henderson stressed that the centre be modelled after Gordon House in Vancouver or the Second Mile Club in Toronto.

The centre, she said, would be a place where these aged people could meet with their friends and gather a little cheer into their lives.

Mrs. Henderson said a general meeting of women's groups and service organizations is planned for the latter part of November to determine what action can be taken toward the founding of such a centre.

The club accepted an invitation to meet jointly with the Compostel Club to hear an address by Sir Arthur Shadhem Bedford, director of the Commonwealth, Department of the British Council on Nov. 9. Requests from the St. John's Ambulance Association for assistance in a drive for funds to be conducted shortly was approved by the club.

### Sandcock Heads Teacher Association

John R. Sandcock, principal of King Edward school, Wednesday was elected president of the Edmonton Elementary Teachers' Association at its annual meeting.

Three hundred members gave tribute to retiring president J. A. McLeod, who was commended for his work during the past year with the Council of Edmonton Schools.

The organization also announced a \$200 gift for retired school teachers in England.

Other officers elected to serve during the coming year include First Vice-president, Pat Hilt, Mill Creek school; second vice-president, Miss Vivian Miller, assistant principal North Edmonton school; secretary-treasurer, T. D. Baker, principal Virginia Park school.

### Youth Sentenced On Old Charge

An Edmonton youth, Charles Lacey, was sentenced to six months' hard labor on Thursday following his conviction on a forgery charge. Lacey, appearing before Magistrate Hall without counsel, had promised August to make restitution but had been caught passing good his promise.

## Insuranceceman Warns City Home Buyers

### Long Term Mortgages Hard to Sustain

Edmontonians who buy houses on a small down payment and a long-term mortgage do so on a "leaping before looking" basis that may prove disastrous within a few years.

The warning was expressed by J. K. Macdonald, president of the Canadian Life Association, Toronto, when he reached Edmonton Thursday in the course of an annual Canada-wide inspection tour.

Head of a company which itself makes individual loans for housing, Mr. Macdonald stressed the need for home-buyers to embark on such projects only if they have sufficient cash to buy a substantial equity in the property.

"When a home is purchased with a down payment of only a few hundred dollars and a mortgage term of 30 years, it is many years before the nominal owner has much more than an equity in his purchase."

**HARD PRESSED**  
"As conditions revert to normal, he may find himself hard pressed to make payments, and his small equity will not be lost," Mr. Macdonald explained.

Under those circumstances the payments the purchaser has made on his home will have been of no more value to him than rental payments.

Mr. Macdonald urged home buyers to borrow on not longer than 20 year mortgages and to make initial payments as large as possible. "If you can't make those conditions, and if you're reasonably well housed in rented property, don't buy."

**PURCHASER SUFFERS**  
Current high prices of real property, particularly houses, he said, cannot be blamed on any one group. But the purchaser is obliged to absorb the price increases which have resulted from general boom times in Canada.

Grandson of the founder of the company which now does business in 24 countries, Mr. Macdonald said Canada could be considered the life insurance capital of the world.

"Canadian life insurance companies do far more foreign business than do American firms, and accomplish much in the way of acquiring people in other parts of the world with Canada."

### Policeman Bags Sporting Driver

A harassed Edmonton motorist wants to know whether you need a hunting license to park in the downtown business district.

Driving about in search of an empty parking lot in the parking meter area, he spotted and successfully maneuvered into one just opposite the YMCA. He carefully searched a pocketful of bills and he had. Frustrated, the motorist dashed into the YMCA for change and quick as a flash was back at the meter in front of his auto.

Beside the auto was a police constable, replacing the "ticket book" in his pocket, minus one violation slip affixed to the windshield of the motorist's car.

The penalized driver hurriedly explained that he didn't chance to have a coin which would fit the meter, but now, 30 seconds later, was ready and happy to pay the meter.

The policeman was unyielding. Said he:

"Ever go hunting?"  
The motorist-portman said yes, he did.

"Ever forget your gun?" replied the constable, walking away.

## 11,000 Barrels Soon At Imperial Refinery

Capacity of the Edmonton refinery of Imperial Oil Ltd. is to be increased to 11,000 barrels per day soon, Herbert Moor, refinery superintendent, told members of the Rotary Club at their meeting in the Macdonald Hotel Thursday.

The refinery is now contributing 6000 barrels per day to the 50,000 gallon pools Mr. Moor said the company has accepted as a primary responsibility the task of selling the public what it is doing now it is planning to do.

By endeavoring to supply as much of Canada's oil needs from within, Mr. Moor said, foreign exchange has been saved for the benefit of the nation and oil products have been made available to Canadians at a lower cost.

New member G. R. A. Rice was introduced at the meeting. President Les Irwin presided.

## Consumers Wince At Rising Egg Prices

By Ben Thelby

Exactly what is a housewife to do? For some reason or other, the price of eggs has leapt another notch... right up as high as 68c per dozen in some local stores.

If you hit the right places, you can buy grade A large hens' fruit at 68c per dozen; grade A medium at 61c and grade A pullets at 49c per dozen.

Know our housewife who's turning to pullet-size eggs... me... How much baking can you do when you pay two-thirds of your dollar for a dozen eggs?

Good, old-fashioned country-style sausage can be bought for 45 cents per pound and is much cheaper than the civiled kind in cans.

Try some for dinner.

Sweet potato time is just around the corner of your kitchen and there are any reboiled Canadian husband who doesn't like ham steak and sweet potatoes!

If you go to the trouble of squeezing the budget to make room for a ham steak at 80 cents to 85 cents per pound... he'd better like it... or else...

I always keep a small jar of toasted coconut on hand. It makes a wonderful topping for otherwise nondescript puddings, adds a marvellous tang to a crowning glory... and you have a party-pretty pudding.

Ways and means of stretching each meaty bit formula for supper meat when the "dirt" gets to other three days.

One of a lot of us is the good 45 favorite... porcupines.

This way you can stretch half a pound of minced steak into plenty of meat for that hungry household.

To the half pound of meat you add about one fifth of a cup of uncooked rice, one small onion, chopped, and whatever seasoning you happen to like best.

Make the meat mixture into patties and place into oven baking dish. Bake for 45 minutes.

Make for another half hour or so... then you have your supper meat dish.

Groceries to have tucked away in the pantry shelf are tin of date bread, chocolate nut bread and rye bread which sells for 22 cents or in.

It's a little expensive to expect at you can do out four dessert servings with a bit of sauce, whipped cream or just plain cream.

Enter with butter or cream sandwiched it's delicious. I'm most often inclined to be a bit of a thing about lined things of this nature. But this really is very easy.

With butter, eggs and shortening, housewives will become more and more attracted to recipes such as this tinned bread, packaged mixes and the like.

WOLVES KILL STOCK  
GILBERT, ONT.—(CP)—Farmers in Wolseley township are concerned in their stock to farm yards in bad weather of the province of Ontario. A valuable cow and sheep were reported lost recently.

## YOUR BABY AND MINE Capacity for Exercise Should Be Encouraged

By Myrtle Meyer Eldred

It should be possible for every baby, from infancy, to be so dressed and so placed that there is an opportunity for constant, physical activity.

Clothing should be smart. The diapers should be put on in such a way that they are snug about the waist but unrestricting to the legs. Light-weight, but all-wool blankets will be more gently on the baby and not weigh him down so that he hasn't the strength to turn or twist under them.

No "tucking in," either, for that imprisons the baby and keeps him confined to one spot.

The baby's capacity to move should be encouraged by the places in which he is put to play. If he is kept overlong in a small bassinet, he will find that his legs and arms will hit the sides when he flourishes them and the experience is disheartening to him.

Popping the baby in the crib as a safety device, is a practice the mother tends to overdo. The mattress is soft. This is the place the baby is supposed to sleep and he associates it with that. When he is awake he should have the opportunity to lie or crawl or struggle to his feet on a solid, firm surface, so that he may practice the art of a small bawling, he will find that his legs and arms will hit the sides when he flourishes them and the experience is disheartening to him.

## Teen-Agers Life Seams

As evidence that even high school girls are quite interested in the quality of stockings, these comes a survey, conducted among teenagers in both Toronto and Montreal.

Several fashion-minded young misses were questioned as to their preference for stockings with or without seams. (With seams means, of course, full fashioned hose, which are shaped to fit properly by knitting.)

Despite the fact that most people consider many high school students in the "bare leg" class, these girls showed a decided fashion sense.

In Toronto, 83% expressed themselves in favor of seams, 15% against, and a little over 2% said they were undecided.

In Montreal, 75% favored full fashioned hose with seams, 15% decided in favor of seamless hose, and a little over 2% said they were undecided.

These results were definitely encouraging, especially to those adults who were beginning to despair of the "bare-legs-alike" type of costume recently favored by the teenage crowd.

It would seem that the younger generation has more idea of smart and appropriate dress than we give them credit for.

Young Adults to Present Play at Church Hall

Young Adults of the Episcopalian Church will present a play, "The O'Learys," in the church hall tonight and Friday.

WELCOME to Canada's new citizens from Europe is extended by the YWCA, adding another to the long list of services which this organization has performed in the city for the past 40 years. Mrs. Sanford Baker is among the members who gather at the Y's social meetings to help these girls from Europe get acquainted. After one month in Canada, Krystyna Matwieg, left, thinks Canada is wonderful. A native of Poland, she spent five years in Germany and was a member of the Y in the British occupation zone. Mrs. Lilya Purick, who left Latvia three months ago, says she is very happy in Canada. —Photo by Island.

TAPS and tumbling for tiny tots is part of the "keep fit" program of the YWCA, which also includes dancing of all kinds, badminton, basketball, swimming and gym classes. Miss Ruth Douglas, assistant physical director, gives a lesson in rhythmic to little pupils, Cheryl Belanger, left, and Barbara Rowland. —Photo by Island.

## Y Membership Rally Starts Nov. 6 Announces Board

Membership rally of the YWCA will be held Nov. 6, it was announced by Mrs. C. W. Macdonald at the meeting of the Board of Directors this week.

President, Mrs. R. B. Wharft was in the chair. Reports were given by Mrs. J. V. Horner, Miss Frances Gerry and Mrs. W. D. McDougall.

Three hundred more participants are registered in the swimming and gym classes than there were last year. It was reported by the convener, Mrs. B. V. Gee, Miss Joan Sullivan in talking with the large classes in tap dancing on Saturday mornings.

Mrs. G. K. Andrews described the welcome given to Canada's new citizens from European countries. The Y is opening its services to the girls and a number are coming each Tuesday to meet former friends.

General secretary, Mrs. Cora Casselman, reported on the over-all picture. Members and friends are invited to hear Mrs. R. T. Tanner of Toronto, on Monday at 3 o'clock, when she will give an account of conditions in children's camps abroad. She spent six months there, under the auspices of the "Save the Children" fund.

## Total Abstinence Advocated by WCTU

Total abstinence for the individual and total abolition of traffic in beverage alcohol is the objective of Women's Christian Temperance Union, Mrs. Grace Knight told members of Local Council of Women Thursday.

Mrs. Knight was reporting on convention of dominion organization at Toronto this year.

A great deal of the education along these lines given by church and temperance groups is nullified as long as governments legislate liquor, Mrs. Knight said.

She noted that of 3,000 countries in the United States, 1,000 are dry and that in some states, prohibition is in force.

WCTU world organization is the largest group of women in the world with over 1,000,000 members. Mrs. Knight said Canada has 100,000 women in her membership. There are 26 departments with missionary work being emphasized. Canada has raised funds for a temperance missionary to work in India and Mrs. Knight said that, according to reports, India and Pakistan are expected to be under prohibition in five years.

During the past four years, under presidency of Mrs. John Wicksom of Toronto, WCTU in Canada has purchased a building to house literature and office of the official organ of the group, White Ribbon Tidings. Department of Peace and International Relations of WCTU are sending food parcels to presidents of WCTU in 53 countries. Mrs. Knight said. This is to be made a national project.

A protest against raising of street car fares will be sent to the city by Local Council of Women.

## Second in Series Of Whist Drives

Mrs. A. Brown and Mrs. H. Moffatt are convener for the second in a series of whist drives sponsored by Jewel Bebekas Lodge No. 29, IOOF.

It will be held in the IOOF temple, 112 avenue and 95 street, Wednesday at 2:30 p.m.

Children's Show For Saturday

McCauley Mothers' Club is sponsoring a free picture show for children of the district.

It will be held at the Community hall Saturday at 10:30 a.m.

Optimists Plan Home Cooking Sale

Home cooking sale will be held by Women's Auxiliary to the Optimists Club in the Market building Saturday at 10 a.m.

## Male Reducers More Successful

BOSTON, Oct. 29.—(AP)—When it comes to taking off excess weight men have it all over women.

And that's a woman's opinion. Miss Adella Houshaker, Michigan University nutritionist, finds men "more business-like" about reducing.

"They nearly always see a physician and follow his advice," she said, in an interview at the American Dietetic Association convention. But the girls are suckers for "miraculous" reducing pills or trick diets.

The poly-poly ladies are always looking for some magic way to lose 15 pounds in one week, reported the nutritionist. An Arab professor took it to them overweighed. Miss Houshaker, who is slim, but not skinny—disclosed no safe, speedy formula to retain the girls' figure.

# ARMY & NAVY

## TOMORROW

Smash Go Prices For All The Family! LAST DAY

### Ladies' Aid Plans Home Cooking Sale

Strathcona Presbyterian Ladies' Aid will hold a home cooking sale in the market Nov. 6.

Plans for the sale were made at a recent meeting of the group at the home of Mrs. Andrew Jackson. Mrs. W. G. Bhanan will be convener.

Annual bazaar will be held in Aracala hall, 83 avenue, Dec. 1.

### Family vs. Career Battle Still Waging

OTTAWA, Oct. 29.—(CP)—"Two-timing the home," was the way Mrs. J. H. Fitcher of St. Thomas, Ont., today described the efforts of "so many young married women" to raise a family and continue a business career.

In an address to a luncheon meeting of the eastern Ontario women's institute convention, Mrs. Fitcher, who is president of the Federation of women's institutes for Ontario, described homemaking at "a full time job" and a "woman's most strenuous occupation."

WHY GROW OLD

Bulging Hipline Makes Women Self-Conscious

By Josephine Lowman

Most women hate it when they bulge too suddenly and drastically at the hips or the abdomen or when the waistline says goodbye to the slimmest of youth.

Many who worry about the slightest excess fat forget what poor posture can do to their figure today of slumping, rounded shoulders.

This figure and posture fault alone is unattractive but the accompanying defects are as much so. Round shoulders not only mar today's beauty but build other age signs. When you slump you unconsciously "let go" with the abdominal muscles but it is almost impossible to straighten up without pulling the abdominal muscles in. Also round shoulders almost always lead to a dowager's hump at the base of the neck and to an older looking neck and chin line. Therefore, this posture habit is a definite enemy to prolonged youthfulness. It also induces fatigue by crowding the lungs and heart.

Even rather severe cases of round shoulders can be improved while the mild form can be corrected. Women seem to be more conscious of the importance of this correction than they once were. I am receiving more and more letters asking for help. Today I will give you a splendid exercise.

Lie on the floor on your back. Bend your knees and place your feet flat on the floor. Arms rest on the floor by your sides. Raise both arms upward, shoulder width apart. Circle backward until arms rest on the floor overhead. Drag the arms forward to starting position with arms on the floor close to the sides. Continue making these circles with both arms.

If you wish to have my routine of exercises for round shoulders send a stamped, self-addressed envelope with your request for leaflet No. 7 "Don't Have Round Shoulders and a Flat Bust—Reverse" to Josephine Lowman in care of this newspaper.

GOOD POSTURE is one of the first things girls like actress Marilyn Monroe learn. It is important to you, too.

No Allowance For Fashions With High Costs

OTTAWA, Oct. 20.—(CP)—If you are the typical woman whose purchases are reflected in the bureau of statistics cost-of-living index you buy three-tenths of a winter coat each year and 1½ house dresses.

You don't buy any afternoon frocks or evening gowns. The prices commission engaged in a brief study of part of the cost-of-living index today. F. H. Lacey, a government statistician, explained that it contains a sub-group of women's wear.

The sub-group includes one-fifth of a spring coat on the theory that women are likely to wear their spring coats five years. It also includes 2½ rayon slips, 10 pairs of rayon or nylon stockings, three pairs of stockings of "woolen mixture" (five rayon panties, one pair of panties made of a "woolen mixture"), seven-trails of a cotton nightgown and 1 3/4 of a rayon nightgown.

New Look Late In Reaching Russia

LONDON, Oct. 16.—(UPI)—Radio Moscow announced today that the New Look had finally reached Russia.

The Moscow broadcast reported by the Soviet monitor, said imported fashions dominated 1,500 dresses displayed by Russian designers at a mammoth fashion show. "A remarkable range of new creations from the fashion houses of many Soviet cities were displayed," Moscow reported. "Models ranging from exquisite evening and theatre gowns to... working dresses, sports costumes and overcoats were shown."

The formal and semi-formal gowns all had long sleeves, but work and sport dresses stayed just below the knee, the broadcast said.

More than a million Canadian men and women who served in the armed forces and merchant marine in World War II will receive the Canadian Volunteer Service Medal.

DOROTHY DIX SAYS—

Take Look at Mother Before Marrying Girl

DEAR MISS DIX—I am having mother-in-law trouble before I even get a wife.

I have been engaged for six months to a girl with whom I am very much in love and who, I am sure, loves me, but her mother has made her break off with me because she has scared her so about getting married she is afraid to risk it.

In a way, you can't blame the mother, because she had a very unhappy marriage. Her husband, with whom she didn't get along, was always beating her up so she made up her mind to protect her daughter from the dangers of marriage by keeping her single.

But it seems to me she has overdone it. The only man her mother would be willing for her to marry is one who is a plaster saint and a millionaire.

I am neither, but I am a regular guy, have a good trade and could support a family.

What should I do?

TRIOUBLED AND PUZZLED ANSWER: Forewarned is forearmed, says the old proverb, and inasmuch as the girl's mother has shown you just what sort of an interfering, trouble-making mother-in-law she would never expect to find at such an attractive price that includes SPRING and Deluxe SPRING FILLED MATTRESS. Come in and see it tomorrow!

BEWARE OF DOMINATION Of course, I know that you will say that you are marrying Sally and not her mother, but that is where you guess wrong.

Every man practically commits matrimony when he marries, for unintentionally he gets Mama thrown in along with his bride until death—or the divorce courts—do them part.

Sometimes Mother is the best wedding present a man gets. She doesn't go to live with the young couple nor attack her fingers in their pie, and she builds Sally's husband up to her so that Sally thinks she has married Prince Charming instead of just a plain, ordinary guy.

ter forget that her duty is to her instead of her husband. She runs the daughter's house. She fills her mind with suspicions of her husband and makes her feel she has thrown herself away on a man who can't give her a mind, coat and pearls.

Any man who wants to be happy though married should take a long, appraising look at the girl's mother before he pops the question.

Newest U.S. Jet Fighter Tested WASHINGTON, Oct. 20.—(AP)—The United States air force's newest jet fighter, the 34-48, has made its first flight at Muroc, Calif., air base, it was announced yesterday. The plane is designated as a penetration fighter for operation deep within enemy territory against aircraft or ground targets.

# Committee Gets Sanctions Issue

## UN Accepts Canadian Plan On Economic Pressure Move

PARIS, Oct. 20.—(CP)—The United Nations Security Council today accepted a Canadian plan to turn over the hot issue of sanctions in Palestine to a sub-committee. Meanwhile, unconfirmed reports circulated that President Truman had withdrawn United States support for economic pressure to stop the Holy Land war.

### Income Tax Case Is Given Remand

CALGARY, Oct. 20.—(CP)—A charge against the How River Construction Co. Ltd. of Canada regarding income tax regulations was remanded for one week without plea to police court yesterday. The company is accused of deducting some \$400 from employees' wages for income tax and failing to remit the sum to the receiver general of Canada.

### BRIDGE

## Attack Spade Suit To Defeat Contract

By William E. McKenney

Everyone who plays cards has heard of the bridge club where the experts meet to play their skill. Never before have I heard the aristocracy of the card room so well described as in the story of the six of spades in the new book, "Right Through the Pack."

To get into an English bridge club is quite an achievement in itself. When the lecturer in logic and statistics at the university presented himself and said he wanted to join on the recommendation of a member, he was reluctantly admitted.

"Have you played bridge much?" Inquired the club secretary. "Never in my life," replied the lecturer in logic, "but I read a book on it, and it seems quite a simple game. May I play a rubber or two with three of your members?"

"Oh," said the club secretary, "your members are all experts. But I will sit beside you, and if you will agree that I may stop the game at any moment, I will allow you to stay a rubber." Today's hand is the first one that came up with the lecturer in logic sitting South.

## WIFE TO RULE DEWEY VOTE ON TUESDAY

NORTH HOLLYWOOD, Calif., Oct. 20.—(AP)—Thomas E. Dewey is a registered Democrat. Furthermore, he hasn't decided who he's going to vote for next Tuesday. "It all depends on what my wife talks me into," he told reporters.

This Thomas E. Dewey is a resident of North Hollywood and no relation to the Republican presidential candidate.

Deaths Yesterday By The Canadian Press

IVY HEATH, Ruck, England—Princess Marie Troubetskoy, 47, former London actress and widow of the Russian sculptor, Prince Paul Troubetskoy.

VANCOUVER.—Barney Holden, 58, well-known Vancouver sportsman.

ST. LOUIS—Arthur O. Mottler, 54, veteran entertainer.

## New Delivery Quotas Set

WINNIPEG, Oct. 20.—(CP)—New delivery quotas at 90 Saskatchewan and 77 Alberta points were announced yesterday by the Canadian wheat board.

Fifty-one Saskatchewan points were given open quotas for wheat, oats and barley, with 24 others given an open quota for wheat. To-hushel restrictions for oats and barley.

Thirty Alberta points were given open quotas for the three grains, with 24 others given open quotas for wheat and varied quotas, ranging from open to 20 bushels, for oats and barley.

The board announcement added that producers "must continue to have all deliveries recorded in their permit books and, unless written permission has been given, must continue to make deliveries at the shipping point designated in the permit book."

## New Arrivals

# Gabardine Suits

## Subtly Styled

In wool gabardine . . . the smooth, unconquerable material of the season. Neatly cut suits, with those details so important in fall fashions. The jacket is longer, the skirt is pencil slim. Distinctive pockets accent the hips, and are trimmed with the same tiny self-covered buttons which you find in a row up the jacket front. In wine, green, grey and brown, sizes 12 to 20. Three styles similar to sketch. EACH
